## ABOUT ME

I am an enthusiastic undergraduate student of Information Technology with a passion for web development. With a solid foundation in both front-end and back-end technologies, I have honed my skills through various academic projects and freelance work

I am a quick learner and an effective problem solver, always eager to take on new challenges and expand my knowledge base. My ability to work collaboratively in team settings, coupled with strong communication skills, ensures that I can contribute effectively to any project. I am detail-oriented, creative, and dedicated to delivering high-quality work.
